## NITELITEPC, Inc. - Terms of Service

### **PROVIDED SERVICES**

a) Any and all services provided by Nite Lite PC, it's affiliated companies, vendors, representatives, associates, and officers are provided on a case by case basis only. Any and all services provided are provided as-is without any representation of warranty, guarantees, or any and all other commitments to service unless agreed upon in writing. At any time, and at the sole discretion of Nite Lite PC, services may be terminated or offered at a different rate.

### **FEES**

a) A \$20.00 service fee plus \$20.00 per half hour is charged for all onsite and remote support. A one hour minimum is charged for all on-site appointments regardless of the time the technician is on-site. We charge for all services on-site including diagnostics, estimates, training, drop-off, pick-up, and any and all other services that may require a technician to come on-site. On a case by case basis, at our discretion, we may waive certain fees. On-site time starts from the moment the technician pulls into the community of the client. Remote service is defined as any service performed that requires or is requested to have the technician remote connect in to the computer or computer system to determine a diagnostic, solution, training, or any other related service requiring or requested by the client for the technician to remote connect. We offer 24 hours a day, 7 days a week, free tech support for basic issues over the phone and via email. This service is offered as a courtesy only, and will not always be available, or applicable. Some issues that have too many variables involved will not be able to be fixed over the phone, or remotely, and will require an on-site appointment be scheduled.

### **Repair Warranties**

a) There are no warranties for computer repair that involve software issues, or virus/malware infections. Upon the completion of the repair the technician will demonstrate to the customer that the problem has been fixed. Any subsequent calls regarding software and/or virus/malware related problems will be charged as a new service call.

b) Repair work involving hardware carries a 60 day warranty from Nite Lite PC. Furthermore, the individual hardware components carry their own warranty from the manufacturer and will be replaced or fixed by Nite Lite PC should they fail to operate properly in the first 60 days. If outside of the first 60 days, the client will need to pay the regular hourly rate to diagnose the problem, and choose whether or not to continue with repairs. If client continues with repair through our company, the client will be charged for this at the regular hourly rate.

c) In the event that our technician is not able to determine what the problem is during the visit there will be no fees associated with the service call. This provision does not include the instances where the technician knows what the problem is but cannot repair it onsite during the initial service call and requires a follow up visit or that the pc be taken to one of our many non-public repair locations.

### **Scope of Support**

a) In the event that a technician makes a house call but the problem cannot be resolved because the issue is outside the scope of our support and needs to be handled by the computer manufacturer, an outside vendor, or another provider a service call fee is still required at the minimum of \$63.60 and charged at the regular hourly rate. The onsite technician will attempt to contact the company/vendor/person who will handle and/or escalate the issue. This provision includes but is not limited to (i) dealing with Internet Connection problems where it is

determined that the cause of the problem is not the computer but a networking component supported by the internet service provider, (ii) licensed software or hardware issues that must be handled by the computer or product manufacturer if the product is under warranty, (iii) any other 3rd party specialized software/hardware not listed above.

### **Scheduling**

a) Nite Lite PC's on-site service is available 24 hours a day, 7 days a week. Appointments are available on a first come, first serve basis, with emergency appointments taking precedents. Even with our availability being 24 hours a day, 7 days a week, we can't always guarantee that an appointment will be available. For safety reasons, we do not service all areas 24 hours a day and will work with new clients on a case by case basis. Clients, who require an appointment to be cancelled, must do so within 6 hours of their scheduled time or will be charged the on-site minimum of \$63.60. It is the client's responsibility to have an adult at least 18 years of age to be present during all times. Any appointments set where we are unable to contact the client, or an adult is not present, will be cancelled and charged a minimum on-site fee of \$63.60. All appointments are set at the sole discretion of Nite Lite PC.

### **Payments, Returns, Refunds**

a) All payments are expected to be collected at the end of the service call. Upon completing the repairs the technicians will explain to the customer what has been done and demonstrate that the problem described by the customer prior to the start of the repairs has been fixed. The technician will calculate the total amount due based on the hourly fee or a fixed repair rate (if applicable).

b) Cash, check, and credit/debit cards bearing the Visa/MasterCard/Discover/American Express logo are the only forms of payment accepted. There is a one hour minimum charge for all on-site appointments.

c) If the computer cannot be repaired onsite and requires that the technician make a follow up visit or take the computer with him/her the customer is expected to make the payment for the initial house visit as calculated by the technician.

d) If a technician discovers an un-foreseen computer problem which requires additional cost to fix and the customer declines the repairs, the payment for the service call is expected as calculated by the technician using the hourly fee rate, with a minimum of one hour on-site.

e) There will be a fee for any returned check based on the laws of the State of Florida.

f) Refunds will be issued in the form of a check, mailed within 10 days of the discovery a refund is required. If the original form of payment was check, a refund will not be issued until 14 days after the check is cleared.

g) All returns are subject to a 30% restocking fee. Returns are only accepted within 14 days of purchase. No returns are accepted on discounted/clearance items or special orders.
